SEXY BEAST APP LAUNCHES TO MATCH PEOPLE BASED ON ONE THING...MUST.LOVE.DOGS.

*What if you started dating someone who didn't your dog?*

SEXY BEAST – Connecting you with the most eligible dog owners in your city ([www.sexybeastapp.com](http://www.sexybeastapp.com)) the first dating app to bring people together based on their mutual love of dogs, announced today it's official launch on the Apple App Store.

SEXY BEAST'S algorithm matches people who have one thing in common; their dogs.

It was abundantly clear amongst single dog parents looking to connect what their "deal breaker" was. If the "unicorn" was found, it would be a hard pass to continue the relationship if the other person didn't like their dog.

On SEXY BEAST you can swipe your way to love, date, hook up, meet up or "other" while answering important questions to create a better profile.

How many wiener pics have you seen this week?

A cheeky element to Sexy Beast is the ability to send and receive "wiener pics" and "frisky kitty pics" to break the ice.

We believe meeting someone through their dog is an organic, genuine connection that automatically gives you a conversation.

Please note:

SEXY BEAST is for cat lovers too 😊

SEXY BEAST is available for FREE download on the Apple App Store:
